November 24.

My dear parants and sister

I and Willie

5 arrived here in Madison allright

we got here at 10.30.

it was snowing yit as we

got here but afternoon it

stoped we had our dinner in

10 the depot and at 12 o'clock we

started to look at the city

so we looked around till

2 o'clock and then we went

into the capitol looked

15 over all the rooms and

chambers and then went

into the art gallary there.

we stayed in about two

hours I would have

20 stayed longer in the art

gallary but Willie got

tired of it I regestered

in the gallary but Willie

would not do it he seems

25 though if he dont care

much for art and old relics.

I liked the city very much

now it is about half past

four and we are in the depot

30 and I am writing Willie is

reading the paper, the train

leaves at 6.35 for Cresco

we got our parcels checked

in the depot

35 The folks are all going

with sleds here.

Best regards.

From Alexander.
