Slides 248 - 249.

Milwaukee April 15, 1894  
My dear Friend  
I must write  
5 you a few lines wich I ought  
to have done long ago. I am  
well yet and hope that you  
are the same. I tell you I  
had quite a time to find a  
10 job untill finally I got my  
old job again. For it is very  
hard to find a job here for  
manny men go shoveling here  
for less than a dollar a day.  
I started to work April the 9th  
15 and thursday I was out to  
Watertown we had a little to  
do out there. we got through  
with our work about 11 o'clock  
and so I had to spend the rest  
20 of my time till five o'clock down  
town. So I went to see our  
Friend Eddie he told me that  
Fred Muster was dead and that  
it was about out with Bella  
25 and Severn and I suppose the  
same with Minnie and Thurow.  
I also met Emil Po{n}tz and  
we had a couple of games  
of pool. He told me that he  
30 had a job so about half and  
half for a man living in  
Sussex I suppose you are  
about done with sowing.  
Tomorrow we are going to  
35 stake out a track where there  
is about from one to two feet  
of water were we will be wearing  
hipboots. Our office is down  
at Merrill Park station but  
40 the first of May we are going  
to move into Union Depot.

George is just gone over to get  
a pint of beer for dinner is ready  
and I want to go down town  
45 this afternoon this will be  
all for this time hoping to  
hear from you soon.

I remain as ever
